LRDC Customer Service & Sales 427-2767, Fax 422-9750

The following is a quick reference for key information in the LRDC 1994-95 Buyers Guide.

**How To Place An Order** (see page GI - 17 of Buyers Guide for more details)

Information required -- your Purchase Order Number, the LRDC product order number (PON), the exact quantity of the product(s) you wish to order and whether to apply the 25% Learning Resource Credit Grant (LRCG).

**Learning Resource Credit Grant (LRCG)** (see pages GI - 1 to GI - 3)

The Government of Alberta announced the 1994-95 LRCG program would be reduced by 5% from \$9.80 per eligible pupil to \$9.30. This credit grant is effective from April 1/94 to March 31/95. Please refer to pages GI - 1 to GI - 3 for details.

**G.S.T.** (see page GI - 7)

The LRDC collects the GST on products sold to schools and customers except from those excluded from paying GST by legislation.

**Price Changes** (see pages GI - 13)

The LRDC will hold selling prices until March 31, 1995, unless unusual or exceptional circumstances warrant otherwise.

**Prepaid Transportation Costs** (see page GI - 8)

LRDC determines the mode of transportation and prepays all outbound shipping charges only within Alberta.

**Receipt of Shipment by Customer** (see page GI - 18)

Prior to signing bills of lading, check your shipments carefully to ensure that the number of parcels delivered corresponds with the number of parcels indicated on the pick/pack slip. This cross reference is required for claiming a loss or shortage.

**Do not stamp or mark** any product until you have carefully checked that you have received the correct product (title, quantity, edition, type, etc.). Marked or used products are not returnable. Report any discrepancies immediately upon receipt to our Customer Service and Sales department.

**Payment of Accounts** (see page GI - 8)

All established charge accounts are payable on a 30-day net basis. Personal orders from individuals, including teachers, will be accepted on a pre-paid basis only. Please check your calculations carefully as products will be supplied only to the value of remittance received. Do not send cash through the mail.

**"Revised" Returns Policy** (see page GI - 9)

**With prior permission**, incorrectly ordered or surplus stock may be considered for return for 6 months only from date of receipt. Returns will be applicable to a restocking charge to a maximum of 15%. See new restocking charges effective June 1, 1994.

**Year End (March 31) Order Filling and Pricing** (see page GI - 11)

In order to ensure that a customer order is shipped prior to March 31, 1995, and invoiced at the LRDC 1994-95 selling price, the LRDC must receive the fax, mail or confirmed telephone order no later than March 17, 1995. Please note that stock levels are lowest during March and any product placed on backorder and shipped by the LRDC after March 31, 1995, will be invoiced at the 1995-96 selling price.

**Customer Electronic Inquiry and Ordering** (see page GI - 1)

Customers will be able to do electronic ordering and status inquiry in 1994/95. Call Sharee Jones at LRDC for further information.

# LRDC INFORMATION

## (1) Purpose and Use of the Buyers Guide

The purpose of the Alberta Education Learning Resources Distributing Centre (LRDC) Buyers Guide is to provide **product listings of all authorized learning resources that may be purchased by customers**. The Buyers Guide also serves as a comprehensive listing of all Alberta Education authorized, approved and/or developed learning resources for use by teachers, students, parents and others involved in delivering the Alberta curriculum.

\*\*\*\*\*

## (2) Access to Buyers Guide by Customers

The Buyers Guide provides important information about the learning resources that should be used to meet learning expectations as defined in the Alberta curriculum Course of Studies and materials that could be used by teachers to enhance learning.

**The LRDC requests that the school administration notify teachers that the Buyers Guide is available, where copies are placed for their use, and how to place orders.** Some preferable locations are: **Staff Room, School Library, Principal's Office and Department Head Offices.**

\*\*\*\*\*

## (3) Customer Electronic Inquiry & Ordering

The LRDC is pleased to make available to you, a facility that allows you to dial (via modem) into our computer system to inquire about the status of your order(s). This is the first of several functions that we will be offering to you in the near future. Other functions will include on-line order entry, grant and subsidy status, on-line Buyers Guide with search capabilities, an information bulletin board for special sales information about products, and product information such as pricing, authors, availability, etc.

We hope these features will be of added value to you and we will continue to seek new ways to improve our customer service to you.

A users manual for the order inquiry facility is available on request. If you need information or if you can think of other features you would like added to the system, please contact Sharee Jones, Customer Service and Sales Supervisor.

## (4) Learning Resource Credit Grant (LRCG)

Purpose

### a) Purpose

The purpose of the 1994-95 Learning Resource Credit Grant (LRCG) is:

To assist eligible Alberta school authorities in providing educational programming to Alberta Grades 1 to 12 students, learning resources are available at subsidized (25%) prices to a credit dollar amount maximum when carried by and purchased from the LRDC.

**b) Operating Principles**

An information package was sent to all school authorities on April 5/94. Refer to that package for more information.

- (i) School authorities eligible to receive the LRCG are:
  - (a) All school authorities receiving SFPF per pupil instructional grant; Divisions, Counties, Districts,
  - (b) Accredited Private Schools under Section 22(2) of the School Act, and
  - (c) Band Operated and Federal Government administered Indian Schools.
- (ii) **\$9.30** per eligible School Authority grades 1 to 12 students, counted as of September 30, 1993 and under 20 years of age as of September 1, 1993, has been allocated (**\$4.66M** in total) as a **credit** at the LRDC for the **purchase of any** learning resource carried by the LRDC.

**c) Operational Procedures**

- (i) The amount of the credit for a school authority is determined by multiplying \$9.30 by the number of grades 1 to 12 students as of September 30, 1993 and under 20 years of age on September 1, 1993.
- (ii) The 25% LRCG **will automatically be applied** to the selling price of any product purchased from the LRDC until the full credit amount is used by the school authority. Application of the grant is made at time of invoicing.
- (iii) The LRDC will charge the regular selling price after the credit amount is fully utilized.
- (iv) Purchase orders will be automatically applied against the credit grant unless specifically and clearly requested otherwise. If a school does not want a particular purchase order charged against the credit, the purchase order should clearly show **"DO NOT CHARGE AGAINST THE LRCG."**
- (v) The LRDC will record and report LRCG purchases by individual school, on behalf of the school authority, only if requested by completing Sections I and II of Appendix A of the LRCG Information package and returning it to the LRDC by April 22/94; however, purchase orders must identify the school.
- (vi) Automatic charging against the school authority credit ceiling will continue until the credit limit is reached; at that point, regular LRDC billing would occur.
- (vii) The LRCG applies to all school authority cash or credit purchase orders unless otherwise specified.
- (viii) The **1994-95 credit ends March 31, 1995.**
- (ix) For annual financial accounting and reporting purposes, a receiving school authority should show the amount of credit allocation received (utilized) as a Provincial Grant Revenue and also as an expenditure.

LRDC Support  
to School  
Authorities

#### d) LRDC Support to School Authorities

- (i) To assist school authorities in managing purchases charged (expended) against this credit grant, LRDC invoices will identify the amounts of school authority and school grant, amount used and amount remaining.
- (ii) The LRDC can assist school authorities in managing locally determined credit sub-allocation ceilings on an individual school basis. To commence this "optional" supportive aspect in 1994-95, the Superintendent, Business Official, or Private and Indian School Operator have to inform the LRDC that they want the LRDC to record and report the "school ceilings" option. Appendix A in the LRDC Information package provided a form for the submission of that request and pertinent summary information. It must be noted that the LRDC can record and report credit charges to a school only if the purchase order identifies the school (usually in the form of a "ship to" customer).

\*\*\*\*\*

#### (5) Distribution of the Buyers Guide and Supplements

Timing and  
Distribution  
Basis

##### a) Timing and Distribution Basis

Usually in April of each year, a completely new Buyers Guide (insert) is distributed to each **School Jurisdiction Central Office** for further redistribution to their individual schools. The distribution ratio is an average of 1 to 3 inserts per school and the same for Central Office usage. Central office redistributes the Buyers Guide inserts to their own schools using their own criteria, but no less than 1 set per school. Schools that may have no formal Central Office such as Private Schools, Indian Band Schools, ECS Operators, Northwest Territories Schools, etc., receive one copy directly from the LRDC. **Additional 1994-95 Buyers Guide recyclable inserts and binders are listed FOR SALE** under "Miscellaneous" in the General Learning Resources section, Page GEN - 21 of the English and French Editions of the Buyers Guide.

##### b) Consolidated Supplements

Consolidated  
Supplements

The LRDC will distribute consolidated Buyers Guide Supplements again in 1994-95 which list all **new** authorized resources since the publication of the annual Buyers Guide. The May Supplement will be sent out as usual. **The August Supplement, if required, will also include the products listed in the May Supplement; the November Supplement, if required, will include all products listed in the May and August Supplements.** Old Supplements should be recycled. New Supplements should be placed after corresponding tab. This format will ensure customers will have to look in no more than two Buyers Guide sections to identify products they want to purchase.

##### c) 1995 - 96 Buyers Guide

1995-96  
Buyers Guide

The advent of an electronic ordering and an electronic Buyers Guide in 1994-95 may result in fewer paper Buyers Guides for 1995-96. It is hoped that schools would request disks, CD Rom versions or be on-line. We'll communicate this electronic evolution with you over the duration of the year.

\*\*\*\*\*

(6) Key Features  
of the Buyers  
Guide

- a) The Buyers Guide's product listings are organized in alphabetical order throughout, first by program/course area and then by product name.
- b) Student Basic learning resources are denoted by **Student Basic** (and by product boldtype) in the authorization status column in the product listings. Student Support, Authorized Teaching and other resources are also identified in the authorization status column.
- c) Throughout the Buyers Guide, all sections have their own individually numbered pages within its section. ie: GI - 1 → General Information section, page 1; S - 22 → Software section, page 22; FR/DE - 3 → French Distance Education section, page 3.
- d) Student Support learning resources not stocked for sale by the LRDC are listed as **"VENDOR DIRECT"**. Please order these directly from the publisher/vendor using our Publisher Index section.
- e) Authorized learning resources listed which may be **withdrawn** from the Alberta curriculum in August, 1995 or later will be identified where possible.
- f) New learning resources authorized and available since the 1993/94 Buyers Guide are identified by **"New"** before the product title.
- g) Publisher, author, year of publication/copyright, edition and ISBN of each product are provided where available.

\* \* \* \* \*

Educational research has unequivocally shown that the **quality of education, in part, is the direct result of the appropriate type and adequate number of learning resources being available** to teachers and students. Textbooks and other learning resources are primary determinants of what is taught in classrooms, and since learning resources are the focus of up to 75% of a student's learning time, the availability of learning resources is a significant factor in the quality of education of each student.

**b) LRDC Mission**

Our mission is to **contribute toward the quality of education for Alberta Students through delivery of a range of cost recoverable products and services that include:**

- acquisition of learning resources that respond to authorized curriculum

#### e) LRDC Customer Feedback/Communication Form

#### **g) Credit Terms**

##### **Credit Terms**

Thirty-day credit terms are available to Alberta school authorities who are recipients of the Learning Resource Credit Grant. These terms also apply to approved schools in the Northwest Territories, Band Operated and Federal Government Administered Indian Schools, Universities and Colleges. Credit terms and charge accounts may be made available to other customers upon application.

#### **h) Payment of Accounts**

##### **Payment of Accounts**

All established charge accounts are payable on a 30-day net basis. Personal orders from individuals, including teachers, will be accepted on a pre-paid basis only. Customers are encouraged to check calculations carefully and include GST as products will be supplied only to the value of remittance received. Do not send cash through the mail.

#### **i) Prepaid Shipping**

##### **Prepaid Shipping**

LRDC determines the mode of transportation and prepays all outbound shipping charges only within Alberta.

#### **j) Markdowns**

##### **Markdowns**

Certain products are marked down to help move our inventory. Markdown products are often well below cost. **The markdown price applies only while quantities last and are non-returnable.**

#### **k) Backorders**

##### **Backorders**

**To avoid back order problems you are encouraged to order well in advance of the time you require the resources, especially in the July to October period.**

**Let us know if any of your back-ordered products is a very high priority.** During August to October, the LRDC uses expedited transportation systems, at an increased expense, to rush products from our vendors.

## Returns Policy

## I) "Revised" Returns Policy

The LRDC goal is 100% accuracy on filling customer orders all the time. Please order and receive your products carefully. **Surplus stock returns need to be reported within 6 months of shipment.** We want our customers to have an easy and hassle-free method of returning products and suggest a phone call/fax prior to any return being made. Our Customer Service and Sales department will take all details over the phone and give you a Return Material Authorization number (RMA) to identify your return when it arrives at the LRDC.

- i) It is the **business practice** of the LRDC to accept "surplus" or "incorrectly ordered" stock, only if the given product is in new, resaleable condition; still authorized; we are not overstocked or we are able to obtain, if required, a return privilege from the publisher. The LRDC will work with you to find a satisfactory solution.
- ii) A restocking and finance charge up to 15% on the total price is applied on "surplus" or "incorrectly ordered" learning resources. Please provide your LRDC RMA#, original purchase order number, LRDC pick ticket number or LRDC invoice number. **Prior written/phone authorization must be obtained for such returns.**

The chart below should help you action any returns. Call LRDC Customer Service and Sales at 427-2767 for assistance or further information.

See next page for Reduced Restocking Finance Charge.

## Reason for Changes

In the Buyers Guide survey of November, 1992 you stated:

- A 15% restocking charge is too high as we only make one return a year.
- We consolidate our returns to the LRDC which saves the LRDC time/money and we feel we should pay less than 15%.
- We return surplus stock promptly and believe we should receive a discount off the 15%.

We have listened to your comments and have implemented a new restocking charge schedule to meet your needs.

**EFFECTIVE JUNE 1, 1994**

RESTOCKING CHARGES ON RETURN OF SURPLUS STOCK (TYPE 4 ONLY)			
AUTHORIZED RETURN SHIPMENTS	RETURNED WITHIN		
	60 DAYS	120 DAYS	180 DAYS
1st return	5%	8%	10%
2nd return	8%	10%	12%
3rd return	10%	12%	14%
4th plus return	15%	15%	15%

## Tips to Maximize Your Savings

1. Your returns are based on purchases you make on a single purchase order.
2. Consolidate the maximum amount of products on your opening order (new school year requirements) to the LRDC.
3. After school opening consolidate the total number of products for return from your largest single purchase order. (Potential dollar savings, especially for transportation fees incurred by our customers.)
4. Return within 60 days the maximum amount of products for only a 5% restocking charge.
5. During the year consolidate your orders to the LRDC thereby allowing you the smallest restocking charge if you should have to return any surplus products.

## m) Previewing Materials

Previewing

A **restocking and finance charge of 8%** on the "selling" price will be charged for learning resources ordered for "preview" purposes and returned. All preview returns must be in new resaleable condition.

Product  
Bulletins and  
Sales Flyers

**n) Product Bulletins/Sales Flyers**

Periodically, the LRDC sends out product bulletins on new products or sale flyers listing products at greatly reduced selling prices. Each document includes its own ordering instructions.

Year end  
(March 31)  
Order Filling

**o) Our Year End (March 31) Order Filling**

To ensure that a customer order is shipped prior to March 31, 1995, and invoiced at the LRDC 1994-95 selling price, the LRDC must receive the order by **March 17, 1995**. Orders sent later may result in stock being depleted and we will be unable to fill. Please note that stock levels are lowest during March and any item placed on backorder and shipped by the LRDC after March 31 will be invoiced at the 1995-96 selling price.

**(10) French  
Language  
Instruction  
(FLI) Buyers  
Guide**

The French Language Instruction Buyers Guide separately lists authorized products for francophone and immersion instruction and will be sent to schools/school jurisdictions who offer French pursuant to Sections 5 & 6 of the Alberta School Act (1988). Extra copies are available for purchase - see General Learning Resource section.

\*\*\*\*\*

**(11) Linkage of  
LRDC Buyers  
Guide to  
Alberta  
Education  
Program of  
Studies and  
Course of  
Studies**

Alberta Education groups student learning resources for use in Alberta schools into two categories - **Basic and Support**. This classification is intended to communicate the relative importance and role of student learning resource. Authorization means Alberta Education has judged these student resources as the most appropriate for a course or Program of Studies and that they have met Alberta Education criteria for acceptability.

- a) **Student Basic Learning Resources** are those student learning resources authorized by Alberta Education as the most appropriate for addressing the majority of learner expectations of course(s), substantial components of course(s), or the most appropriate for meeting general learner expectations across two or more grade levels, subject areas, or programs as outlined in provincial Programs of Study. These may include any resource format (eg. print and non-print).
- b) **Student Support Learning Resources** are those student learning resources authorized by Alberta Education to assist in addressing some of the learner expectations of course(s); or assist in meeting the learner expectations across two or more grade levels, subject areas, or programs as outlined in the provincial Programs of Study.
- c) **Authorized Teaching Resources** are those teaching resources produced externally to Alberta Education, by publishers, that meet the criteria of review and usually support a student text.

A **Course of Studies** is a legal document prepared for each course in each subject area at each level of learning. It may be a sub-unit of a Program of Studies. The major components of a Course of Studies are the philosophy, rationale, learner expectations and a listing of basic learning resources. A **Program of Studies** is a sequence of

courses of study. Teachers may also want to consult an existing Curriculum Guide for suggestions on learning resource usage in the classroom.

Teachers and administrators are encouraged to consult the applicable Alberta Education "Program of Studies" and "Course of Studies" to identify appropriate learning resources for use in the classroom. **These documents are available only through the LRDC and are listed in the Alberta Education Publications section in this Buyers Guide.** The LRDC Buyers Guide identifies all learning resource products available from the LRDC and also is the sole Alberta Education information document that identifies all authorized learning resources.

(12) Policy for  
LRDC  
Management  
of Student  
"Support"  
Learning  
Resources

The LRDC has historically carried all student "support" learning resources in stock. In order to keep selling prices down, reduce overhead and deal with warehouse space, the LRDC made a major policy shift in 1992 in not stocking low selling student "support" learning resources. Details of this policy are as follows:

- a) The LRDC stocks student "support" learning resources for at least one full fiscal year (April 1 to March 31) after authorization.
- b) The LRDC:
  - (i) discontinued carrying authorized student "support" learning resources that had been in stock for at least one full fiscal year (April 1 to March 31) if:
    - actual sales were **below 50 units**, and
    - forecast of sales for the next fiscal year were also below 50 units
  - (ii) continued to carry authorized student "support" learning resources that had been in stock for at least one full fiscal year (April 1 - March 31), and sold less than 50 if:
    - there was an insufficient number of "basic" or other resources available, and
    - student/course enrolment was very low.

If you require additional information, on this policy or vendor information, please contact LRDC Customer Service and Sales at 427-2767.

\*\*\*\*\*

(13) June 1st  
Availability of  
Learning  
Resources

Student "Basic" resources, publisher's teachers guides where appropriate and teacher resource manuals prepared by Alberta Education that were deemed essential at the outset of development for a new or a revised program or course to have **mandatory implementation in September, should be available at the LRDC for sale by June 1.**

This policy allows schools the opportunity to access essential student and teacher resources for review and planning of lessons prior to the start-up of a new program in September.

The LRDC 1995-96 Buyers Guide is scheduled for early April 1995 so schools will be able to plan and order newly authorized products before school closing.

\*\*\*\*\*

## (14) Pricing

### Price Listing

### a) Selling Price of all Learning Resource Products

The LRDC identifies the selling prices for all learning resource products listed in the Buyers Guide. A 25% Learning Resource Credit Grant can be applied to the selling price by eligible school authorities when purchasing all learning resources stocked by the LRDC but only up to the limit of the grant. For more Grant information refer to pages GI - 1 to GI - 3.

### Determination

### b) Selling Price Determination

We try to keep prices as low as possible by keeping costs low. The LRDC **operates on a break-even financial objective** with a cost recovery mark-up on all products sold. There are two primary determinants of the LRDC Selling Price: (1) unit cost of products to the LRDC from publishers/suppliers, and (2) a small LRDC mark-up to cover internal operating and external transportation costs. *All LRDC selling prices include shipping and handling charges to Alberta schools.*

### Distance/ Correspondence Education

LRDC production and distribution costs are included in the Distance Education materials "cost of goods" and hence the LRDC 1994-95 cost recovery selling price is effective April 1, 1994 for schools and all non-ADLC Registered students, and June 1, 1994 for ADLC-Registered students. This is a result of the LRDC being responsible for all Distance and Correspondence Education materials production and distribution as of April 1, 1990.

### 1994-95 Selling Prices

### c) 1994-95 Selling Price Impact

The 1994-95 general net impact on prices to LRDC customers is an average increase of about 2.25% over 1993-94 prices. LRDC suppliers increased their costs to the LRDC by around 3.0% while the LRDC markup on the landed cost of goods decreased from 16.75% in 1993-94 to 15.9% (decrease of 5.1%) for 1994-95. The LRDC 1994-95 markup of 15.9% is 2.1 percentage points less than our 18.0% markup in 1987-88.

### Distance/ Correspondence Education Pricing

Distance and Correspondence Education student print materials are priced differently. Rather than cost recovering the LRDC production and distribution costs by each individual product, DE/CE prices are targeted to recover production and distribution costs by product line. Correspondence course materials remain at \$7.00 per credit while Distance Education student packs remain at \$15.00 per credit. A 5-credit Distance Education student pack selling price remains at \$75.00, while a 5-credit Correspondence Education course selling price remains at \$35.00.

The LRDC Distance Education selling price is still lower than the actual production cost. We are in the midst of reducing production costs through process improvements and reducing the number of pages, elimination of spot colour and having less editing iterations. **Customer suggestions on these matters are encouraged.**

### d) Price Changes

### Price Changes During Year

The LRDC will hold selling prices until March 31, 1995, unless unusual or exceptional circumstances warrant otherwise.

### Annual Price Changes

The LRDC introduces new year product prices effective April 1 of each year.

## e) Price Reductions

### Price Reductions

Reduced selling prices are indicated by a "slash" mark through the original selling price and the new lowered selling price listed. The 25% Learning Resource Credit Grant is still applicable on stocked resources where prices are reduced. Sales Flyers are also periodically forwarded to customers listing discounted products. **Price reductions are in effect only while quantities last and on a non-returnable basis.**

\*\*\*\*\*

## (15) Copyright

The Canadian Copyright Act is a federal law which protects intellectual property, that is the products of the minds of creators. The law protects every original literary, dramatic, musical and artistic work. It protects computer programs, videos, cassettes, records, paintings, sculptures, photographs, architectural works of art, engravings, maps, etc. In 1988 the Copyright Act was amended and the penalty section was greatly enhanced. It has now become worthwhile for an action for infringement of copyright to be brought.

In Canada, the Copyright Act has never allowed the making of multiple copies of copyrighted print materials for use in classrooms. "Fair dealing," a defence to a charge of infringement, allows for the making of a copy of a non-substantial portion of a creative work for private study, research, criticism, review or newspaper summary. Anything more than that requires the permission of the author.

On March 10, 1993, Alberta's Minister of Education, Hon. Halvar C. Jonson, signed a Provincial Print Licence with the Canadian Reprography Collective (CanCopy) which allows the teachers of participating school jurisdictions and private schools to make class sets of certain materials only, in accordance with the Licence. If your school is part of the Licence, there will be a green and red poster and an Exclusions List over every photocopy machine. The terms of the Licence must be followed.

**The Licence only covers print materials.** The copying of computer programs must be done in accordance with the terms of the licence covering that program. Audio-visual materials being shown in a school must have a public performance licence attached to the film or the school must be covered by a site licence. For "Home Use Only" videos cannot be used in a school unless there is a public performance site licence.

Alberta Education produces many printed materials for use in Alberta schools. Many of these materials give permission for photocopying provided the purpose is educational and non-profit. Some materials have "all rights reserved" because they may contain copyrighted materials belonging to a third party from who Alberta Education has obtained permission to reproduce a certain number of copies. Always check the copyright page at the front of a document to see whether the rights are reserved or permission to copy has been given. **Distance and Correspondence Education materials have all rights reserved and therefore cannot be copied.**

The LRDC Copyright Restriction Use Certificate for Software that each school authority has with the LRDC is to ensure that copyright is not violated for computer software purchased from the LRDC.

For further information about copyright, contact Diane Gagnon of the Legislative Services Branch at 427-2041.

# **CAREER AND TECHNOLOGY STUDIES**

## **WHAT IS CTS?**

Career and Technology Studies (CTS) restructures and will replace the present practical arts courses -- business education, home economics, industrial arts and vocational education. CTS also encompasses computer studies, agriculture: land and life, and work experiences. CTS offers new curriculum with updated processes, procedures and technologies. There will be new, up-to-date resources, and expanded delivery systems.

CTS is organized into eight areas of study, which are subdivided into strands. Each strand is composed of modules, which are blocks of learning equivalent to one credit. Modules are organized into three levels: introductory, intermediate and advanced. Students are expected to demonstrate a higher degree of competence and to meet higher standards as they move from the introductory level through the intermediate level to the advanced level.

## **WHAT ARE THE TIMELINES?**

CTS strands are being phased in over the next four years. Each strand has an optional implementation phase, in which schools may or may not offer it.

Enterprise and Innovation and Tourism Studies were the first strands to be implemented on an optional basis. Twelve more strands are now available on an optional basis.

- Agriculture
- Career Transitions
- Communication Technology
- Construction Technologies
- Design Studies
- Energy and Mines
- Financial Management
- Foods
- Forestry
- Information Processing
- Legal Studies
- Wildlife

Please refer to the attached CTS Implementation Schedule for information about the rest of the strands.

## **HOW WILL CTS AFFECT YOU?**

CTS will encourage the use of a variety of print media and resources. Some resources listed in this guide will be replaced once the curriculum review process is complete. Consult the CTS Implementation Schedule before purchasing resources for current practical arts courses.

### CHOICES CAREERWARE

*CHOICES engages high school students in an interactive, computerized process that heightens their self-awareness, helps them set priorities, and develops career decision-making skills. Students learn what is important in finding an occupation, and are then assisted in identifying promising career paths. The program includes both the paper/pencil and computerized versions of the Career Area Interest Checklist - a self-assessment of Interests based on selections from 144 work tasks.*

*The CHOICES OCCUPATIONS and EDUCATION COMPONENTS are now combined into one integrated program. The Occupations Component contains over 1000 detailed occupation profiles, with an additional 3000 occupational descriptions. CHOICES Education compliments the CHOICES Occupational database by providing students with up-to-date information for over 400 post-secondary institutions and over 5000 programmes of study across Canada. This allows students to compare their options and plan their educational future.*

**ORDERING INFORMATION** It will be of great assistance to the LRDC Order Department if customers clarify their school enrollment numbers and computer requirements prior to ordering CHOICES. For this information, as it pertains to CHOICES, customers are asked to contact EDU-COM at 439-7447 in Edmonton or 279-2283 in Calgary. All Purchase Orders should be addressed to the Customer Service and Sales Department at the LRDC.

## FOREWORD

### DISTANCE AND CORRESPONDENCE EDUCATION PRODUCTS

Alberta Education, through the Alberta Distance Learning Centre (ADLC) and Language Services Branch (LSB) develops two types of material:

**a. Correspondence Education Course Materials**

These are the course materials that have traditionally been prepared and made available. They are identified as Correspondence Education courses.

**b. Distance Education Course Materials**

The ADLC and LSB are developing newly designed "Distance Education" course material that incorporates modified learning strategies and the use of technology. These products are identified as "Distance Education" materials.

\*\*\*\*\*

(1) **Distance Education and Correspondence Education Course Materials**

(2) **Distance Education Materials Intended Target and Use**

Distance Education materials have been developed for a variety of educational applications: (1) individual students who are unable to attend school, (2) individual students who are unable to enrol in a particular course, (3) teachers to use the materials for either an in-classroom Distance Education Program or for regular in-classroom use, (4) teacher reference material, (5) student reference material, etc. The materials have been designed to assist in meeting individual student needs through the use of modular components as part of a learning environment strategy.

(3) **Product Order Number and Usage Codes**

Please refer to the General Information section (Ordering Information) for explanation of "New" LRDC product order number and product usage code.

\*\*\*\*\*

(4) **Availability of Distance/Correspondence Education Course Materials**

Distance/Correspondence Education materials, which are produced by the Learning Resources Distributing Centre (LRDC) at the LRDC Barrhead Production Division, are available to students and others from the LRDC at the following three sales/distribution outlets:

- a. Distance/Correspondence Education Grades 1 to 12, print and some non-print materials, to **all NON-ADLC Registered students and customers** from the regular LRDC Edmonton outlet at 12360 - 142 Street facility (427-2767).
- b. Distance/Correspondence Education Grades 1 to 12 materials to individuals who are **ADLC Registered students** from the **LRDC Barrhead Distribution facility at 4801 - 63 Avenue, Barrhead, AB T0G 2P0 (674-5333)**.
- c. Distance/Correspondence Education Grades 1 to 12 materials to individuals who are **ADLC-Registered students** and who personally come to register and obtain materials from the **ADLC Harley Court facility in Edmonton at 10045 - 111 Street (427-2766)**.

**Ordering  
Distance  
and  
Corres-  
pondence  
Education  
Products**

- a. The following ordering information pertains to anyone requiring Distance and/or Correspondence Education products other than a person wishing to register as a student of the ADLC:**
- i. Use the regular LRDC ordering process for submitting orders to the LRDC. Refer to General Information section - Ordering Information.
  - ii. The LRDC will carry only required non-print materials developed by the ADLC and Language Services Branch and may produce some non-print materials that have been acquired by Alberta Education, with the LRDC having the right to reproduce and cost recover reproduction and handling costs. The Buyers Guide identifies most of the non-print resources that have been authorized and where they can be purchased/acquired.
  - iii. Most textbooks required for Distance/Correspondence Education, whether for registered or non-registered students, may be ordered from the LRDC. However, textbooks are not available (ie: out of print) for some courses (such as the Elementary subjects and Spanish 15/25/35). In those cases, the only way to acquire the textbook is by registering the student(s) in the course with the ADLC (the book is then loaned to the student with a caution fee), as has been the case for a long time.
  - iv. The original Spanish Correspondence courses were numbered 14-24-34, however, they have been changed to 15-25-35. We are in the process of identifying our material with the new numbers, but that will be done as the course gets revised, which is not likely for a long time. In the meantime, the content is the same.
  - v. The new Distance Education materials have been designed in a modular format. Because of this, all parts may not be available when the product is first released. We will minimize the number of shipments required, and in most cases the first "A" pack shipment will be followed by the remainder in a "B" pack shipment as it becomes available. Our goal is to meet all production target dates and avoid having to ship two times.
  - vi. A list of required laboratory supplies are provided with most science subjects. The LRDC does carry the kits for Distance Education courses, and most of the Correspondence courses.
- b. The following information pertains to anyone wanting materials and registering with the ADLC as an ADLC-Registered student:**
- i. Application forms (available from ADLC) must be submitted by/for all students intending to register for instruction with the ADLC.
  - ii. Fees include cost for tuition and materials.
  - iii. Textbooks may be purchased from the 3 sales/distribution outlets (see Point 4) except for circumstances such as if the text for a course is no longer available.
  - iv. Refer to the ADLC Student Handbooks, which have been sent to schools, for more information.

\*\*\*\*\*

(6) **Types of Distance Education Course Materials**

- a. Each course generally consists of 4 to 8 student modules which are intended to be used by individual students.
- b. Each module generally has one student corresponding assignment booklet. ADLC is currently piloting some courses without assignment booklets (eg. Biology and Chemistry 20). For these courses the student is expected to answer questions on their own paper.
- c. Customers can purchase either the entire student package (all modules plus assignment booklets) or individual module and assignment booklet and/or set of assignment booklets.
- d. Most courses have a Learning Facilitator's Manual (LFM) which provides teachers with hands-on assistance in "how" to deliver the Distance Education program/course. Most Learning Facilitator's Manuals contain a sample test and answers as well as the answers to the lessons; therefore, **they are available only to schools** on a school/jurisdiction purchase order and/or to teachers with a verifiable teaching certificate number.
- e. Many of the teaching keys (for Correspondence courses) are poor quality in terms of reproduction. Please refer to the description of the teaching key you require for information on status of print type; the handwritten keys are identified.
- f. All Junior High Distance Education Courses have Student Support Guides to accompany the modules. They are intended for the Registered Student or the non-classroom student. The same information is included in the LFM for the classroom students. The LRDC has made them available in complete sets or packages to all customers.
- g. The Distance Education Program also involves a variety of non-print material. The LRDC Buyers Guide identifies a large number of the non-print materials and where you are able to access them. Many of the videos are available through the Regional and Urban Film Centres as part of an Alberta Education negotiated Provincial License. As well, many are available through ACCESS. In some cases, schools will need to acquire materials directly from the supplier. In most cases, the school may already have the material.

\*\*\*\*\*

(7) **Pricing Structure**

**General pricing for Distance and Correspondence resources are:**

- a. While LRDC prices are generally based upon full cost recovery of goods, reproduction and distribution costs, Distance Education student pack selling prices are significantly below cost.
- b. In general, Distance Education student print materials prices are \$15.00 per credit, while Correspondence Education material prices are \$7.00 per credit.
- c. Because of extra handling costs, the sum of individual parts will cost considerably more than the package price when purchased.

- d. Assignment booklets are available in complete sets. Pricing is: \$1.75 x the number of module booklets in the set (for example, a 5 module Assignment Booklet set would cost \$8.75.
- e. Student Support Guides are available in complete sets. Pricing is based upon production and cost recovery.
- f. Price changes are effective April 1, 1994, except for ADLC-registered students which are effective June 1, 1994.
- g. All Distance and Correspondence Education materials qualify for the Learning Resource Credit Grant (subsidy of 25% per unit) if purchased from the Learning Resources Distributing Centre by an eligible school authority. (See GI - 1 for Grant Information.)

## **(8) Copyright**

The Canadian Copyright Act is a federal law which protects intellectual property, that is the products of the minds of creators. The law protects every original literary, dramatic, musical and artistic work. It protects computer programs, videos, cassettes, records, paintings, sculptures, photographs, architectural works of art, engravings, maps, etc. In 1988 the Copyright Act was amended and the penalty section was greatly enhanced. It has now become worthwhile for an action for infringement of copyright to be brought.

In Canada, the Copyright Act has never allowed the making of multiple copies of copyrighted print materials for use in classrooms. "Fair dealing," a defence to a charge of infringement, allows for the making of a copy of a non-substantial portion of a creative work for private study, research, criticism, review or newspaper summary. Anything more than that requires the permission of the author.

On March 10, 1993, Alberta's Minister of Education, Hon. Halvar C. Jonson, signed a Provincial Print Licence with the Canadian Reprography Collective (CanCopy) which allows the teachers of participating school jurisdictions and private schools to make class sets of certain materials only, in accordance with the Licence. If your school is part of the Licence, there will be a green and red poster and an Exclusions List over every photocopy machine. The terms of the Licence must be followed.

The Licence only covers print materials. The copying of computer programs must be done in accordance with the terms of the licence covering that program. Audio-visual materials being shown in a school must have a public performance licence attached to the film or the school must be covered by a site licence. For Home Use Only videos cannot be used in a school unless there is a public performance site licence.

Alberta Education produces many printed materials for use in Alberta schools. Some of these materials give permission for photocopying provided the purpose is educational and non-profit. Some materials have "all rights reserved" because they may contain copyrighted materials belonging to a third party from who Alberta Education has obtained permission to reproduce a certain number of copies. Always check the copyright page at the front of a document to see whether the rights are reserved or permission to copy has been given.

**Alberta Education Distance and Correspondence Education materials that have a selling price are not to be photocopied or reproduced in any form. Because of the third party provision and cost recovery nature of the production of these materials, copyright releases are not granted.**

For further information about copyright, contact Diane Gagnon of the Legislative Services Branch at 427-2041.

**NOTE:** The new 1994 senior high novels and nonfiction list for English 10, 13, 20, 23, 30 and 33 has been authorized. The Senior High English Arts Novels and Nonfiction Annotated Listings 1994, available June 1994, contains annotations for all titles and is listed in this Supplement in the Alberta Education Publications section. Teachers should note that some titles contain content that may be sensitive in some communities; these titles should be pre-read and selected carefully in order to meet student needs and community expectations. The annotated listing was developed to assist teachers in making selections prior to ordering class sets or smaller numbers of books for individual or small group study. Teachers or teacher-librarians ordering books may contact their favorite book distributors, or United Library Services (252-4426 Calgary) or National Book Service (438-1550 Edmonton, 244-4420 Calgary, 1-800-387-3178) or Garry Johnson Educational Publishers (460-0436, Edmonton).

#### Mathworlds (Reidmore Books)

**MathWorlds** is a thematic, problem-solving set of resources, developed specifically to correlate to the grades 4, 5 & 6 guidelines of the new Alberta elementary math curriculum. Each **MathWorlds** Module Kit represents a different place or "world" (theme) and covers specific portions of the Alberta elementary math curriculum.

**MathWorlds** is comprised of five different Module Kits, and one Program Kit per grade. A Complete Kit (five Module Kits and one Program Kit) supports up to three classrooms simultaneously and covers the entire year's curriculum. **MathWorlds** can be used exclusively or in conjunction with other mathematics resources. All modules are supplied in brightly colored, individually labelled, sturdy, stackable plastic tubs. **MathWorlds**, grades 5 and 6, will be published in 1995.

**NOTE:** Sex education, and AIDS education in particular, is controversial, and schools will have different opinions on how much of this material they should include in the pupils' science programs: schools with well-developed human sexuality program may prefer to omit much of the information in this chapter. The school jurisdiction is responsible for approving the program of sex education activities and the resources used within their schools. Teachers are advised to ensure that their approach is consistent with school jurisdiction policy.

## ENGLISH LANGUAGE ARTS

**NOTE:** Novels and non-fiction for Grades 10, 11 and 12 are not stocked by the LRDC. A revised fiction and non-fiction list is under development and should be available by May, 1994. The new list will be sent to all senior high school English department heads.

**NOTE:** The new 1994 senior high novels and nonfiction list for English 10, 13, 20, 23, 30 and 33 has been authorized and is available now. The Senior High English Arts Novels and Non-fiction Annotated Listings 1994, contains annotations for all titles and is listed in this Supplement in the Alberta Education Publications section. Teachers should note that some titles contain content that may be sensitive in some communities; these titles should be pre-read and selected carefully in order to meet student needs and community expectations. The annotated listing was developed to assist teachers in making selections prior to ordering class sets or smaller numbers of books for individual or small group study. Teachers or teacher-librarians ordering books may contact their favorite book distributors, or United Library Services (252-4426 Calgary) or National Book Service (438-1550 Edmonton, 244-4420 Calgary, 1-800-387-3178) or Garry Johnson Educational Publishers (460-0436, Edmonton).

### Mathworlds (Reidmore Books)

MathWorlds is a thematic, problem-solving set of resources, developed specifically to correlate to the grades 4 & 5 guidelines of the new Alberta elementary math curriculum. Each MathWorlds Module Kit represents a different place or "world" (theme) and covers specific portions of the Alberta elementary math curriculum. MathWorlds is comprised of five different Module Kits and one Program Kit per grade. A Complete Kit (five Module Kits and one Program Kit) supports up to three classrooms simultaneously and covers the entire year's curriculum. MathWorlds can be used exclusively or in conjunction with other mathematics resources. All modules are supplied in brightly colored, individually labelled, sturdy, stackable plastic tubs.

**NOTE:** Sex education, and AIDS education in particular, is controversial, and schools will have different opinions on how much of this material they should include in the pupils' science programs: schools with well-developed human sexuality programmes may prefer to omit much of the information in this chapter. The school jurisdiction is responsible for approving the programme of sex education activities and the resources used within their schools. Teachers are advised to ensure that their approach is consistent with school jurisdiction policy.

## ENGLISH LANGUAGE ARTS

**NOTE:** The new 1994 senior high novels and nonfiction list for English 10, 13, 20, 23, 30 and 33 has been authorized and is available now. The Senior High English Arts Novels and Non-fiction Annotated Listings 1994, contains annotations for all titles and is listed in this Supplement in the Alberta Education Publications section. Teachers should note that some titles contain content that may be sensitive in some communities; these titles should be pre-read and selected carefully in order to meet student needs and community expectations. The annotated listing was developed to assist teachers in making selections prior to ordering class sets or smaller numbers of books for individual or small group study. Teachers or teacher-librarians ordering books may contact their favorite book distributors, or United Library Services (252-4426 Calgary) or National Book Service (438-1550 Edmonton, 244-4420 Calgary, 1-800-387-3178) or Garry Johnson Educational Publishers (460-0436, Edmonton).
